# Driver Card

The Sharp ELD is a registered ELD with the Canadian Council of Motor Transport Administrators (CCMTA). It plugs into the diagnostic port in a vehicle and integrally synchronizes with the vehicle engine.

The SharpELD app allows drivers to view and interact with their logs via a smartphone or tablet. The app's DOT Inspection Mode enables officials to review and transfer hours of service logs.

Sharp ELD is compliant with Section 83 of The Commercial Vehicle Drivers Hours of Service Regulations regarding the use of the electronic logging devices

Points to re-check:
- your device should be connected to a charger;
- your device should be placed on a dashboard the way the DOT officer has a full view without entering a truck;
- you should be logged in to our system using your credentials.

1. Sidebar menu
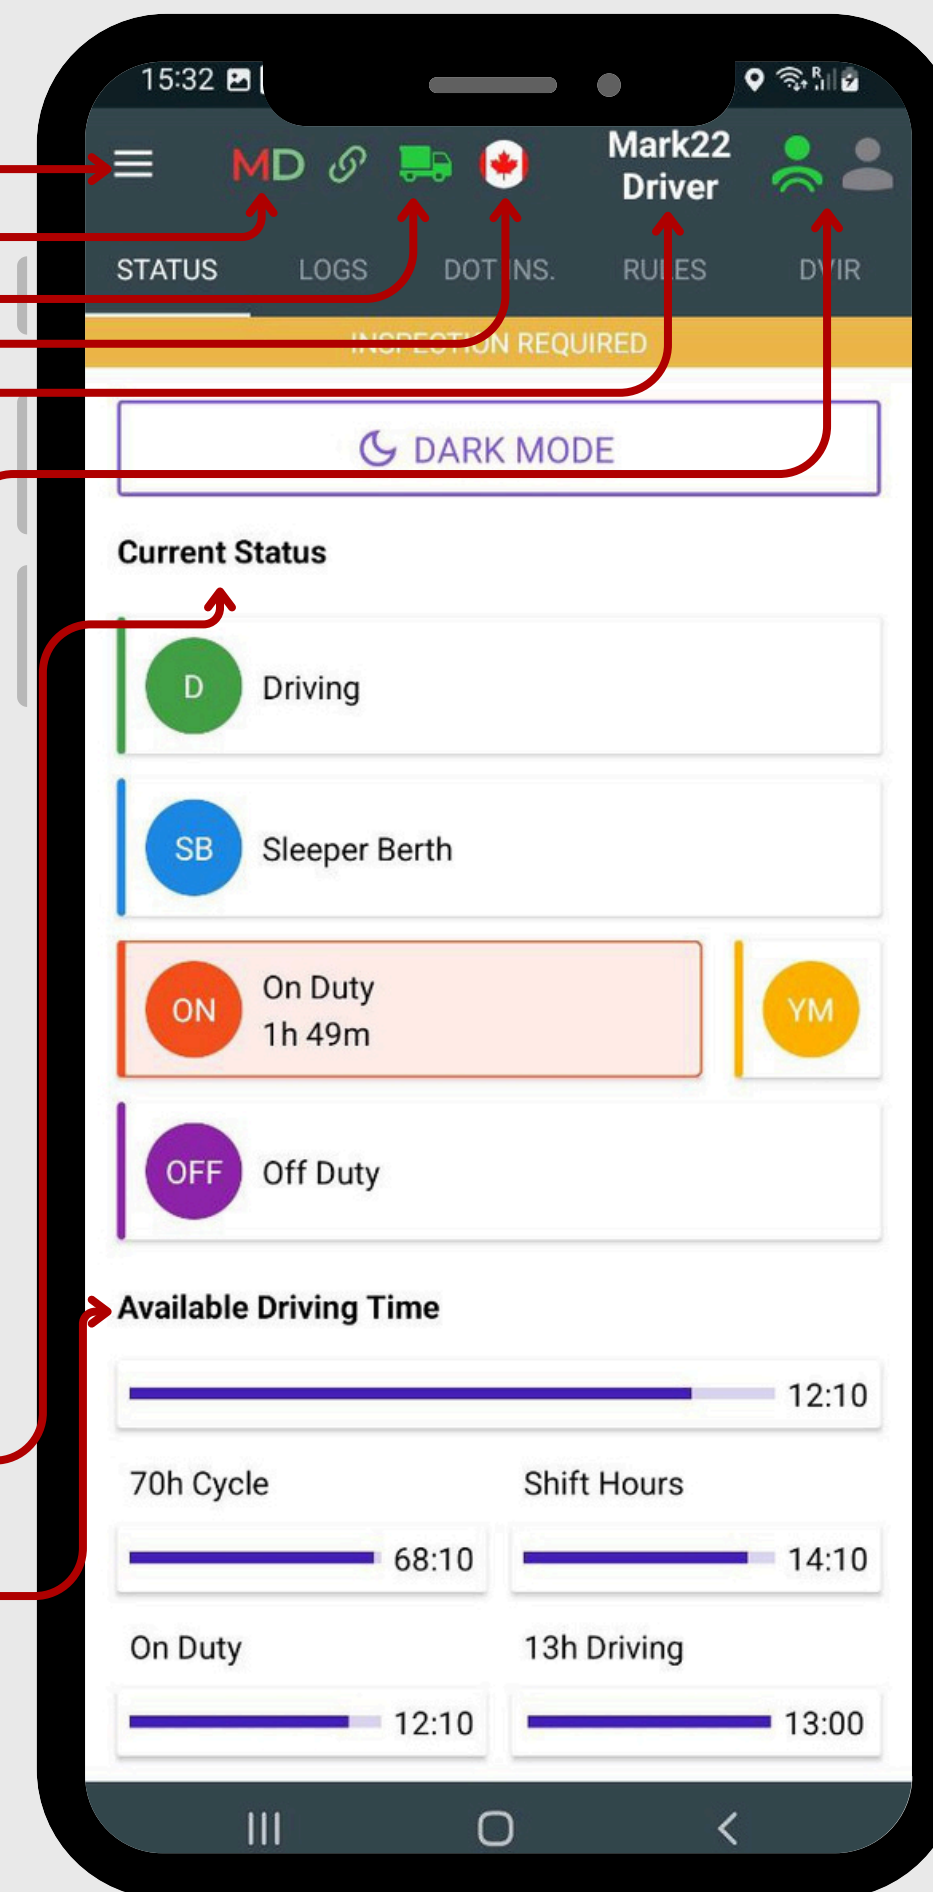

2. Malfunctions indicator

3. Truck connection

4. The country rule set

5. Current driver name

6. Co-drivers' switch
